The BGPO is a group of grade level parent representatives that meets with the administration on a monthly basis. It is our mission to establish a spiritual and social bond between parents and the school. The BGPO is another link in the ongoing effort to keep parents informed and active in their child's education.

We support the efforts and events of the administration, the development office, guidance and all school sponsored activities throughout the year.

We encourage and welcome your feedback as well as your involvement in making this a successful school year. Feel free to contact the Bishop Grimes Parent Organization at [bgpo@syrdiocese.org](mailto:bgpo@syrdiocese.org) with your thoughts or concerns throughout the year.
