

# BISHOP GRIMES JR/SR HIGH SCHOOL 2023

## CULTURAL FESTIVAL

**A** special thanks to Mrs. Collins and Mrs. Espinoza for all of their efforts to make this first Cultural Festival a success.

It was a true joy to see so many of our students sharing their cultural heritage and celebrating the diversity that makes up our Bishop Grimes community.

The informational booths were full of information, hands-on activities, and fun facts; the food was delicious and gave all who were willing to try a true taste of the countries and cultures represented; and the performances were truly special allowing so many of our students and guest performers the opportunity to showcase traditional dances and music that are an important part of each country's cultural identity and history.

It was a wonderful evening highlighting what a special and talented community we have here at Bishop Grimes Jr/Sr High School!
